

## Female Hockey Report 2017/18

We had female teams in Timbits through PeeWee this year. The coaches for all teams were excellent with Brent Fisher leading the Tim Bits, Rob Ferguson with the novice, Byron Hall in charge of the atoms and Kris Schulz head coach of the Pee Wees. The Tim Bit girls were consistent throughout the year and steadily improved. The numbers will be good for the following season. The Novice team competed in the boys city league and participated in a mini girls league that took place 1 time every month with Lethbridge and Brooks. Each team hosted twice. The Atom girls had a great season losing in the boys city championship game and had a great deal of success in the female tournaments they went to. Finally the Pee Wee team competed hard in the RMFL for the first time in the Tier two division, and they hosted Provincials finishing second. We also had girls that chose to play on our boys teams again this season at the atom to midget level which was meeting their needs as players. It was another great year of hockey for our developing female teams.
