

Midget City yearend evaluation

Director: Dylan Hodgson

Thank you to the coaches that volunteered their time

This year we welcomed a noncontact team from Maple Creek. This made 4 teams of 16-17 skaters. Teams played 2 times per week. Maple Creek came to Medicine Hat every 2nd Sunday to play one of our 3 house teams with Medicine Hat teams traveling to Maple Creek on alternate Sundays.

Games were competitive throughout the year with team Black defeating team Green in the final.

Feedback from the coaches was that they liked having a team from out of town join the league. It allowed Medicine Hat teams to travel occasionally.

Midget City does not have its own tournament but teams were able to go to out of town tournaments.

Overall the number of players registered for Midget City League went up from last years.
